About Me

I am a **web developer** with 2 year + of experience specializing in **React and related technologies**. I have a passion for creating high-quality, scalable, and maintainable software that solves real-world problems.

As a team player, I am enthusiastic about collaborating with others to achieve common goals.

Overall, I am a driven and experienced developer who is always eager to learn and grow. If you're looking for someone who is dedicated, enthusiastic and has a strong foundation in web development using React and related technologies, I would love to discuss how I can contribute to your team.

Experience

Vadd Tech 2021-2022 (Frontend developer)

- I contributed to building a fully functional website for GSS Gwagwalada Abuja, using HTML and CSS to make it easier for the school to communicate with staff, parents, and students.

SAW Technology 2021-2022 (Frontend developer)

- I participated in the development of a software that enables parents to make education-related payments from the comfort of their homes, eliminating the need for them to visit a bank and queue up, using react.js.

SMARTEARNERS-TEAM 2022 - PRESENT (Frontend developer)

- design the official site for Smartearners Team using React.js and Tailwind.css
- I designed and implemented the functionality for Smart-Connect, which allows individuals to generate leads for their business, using Gatsby.js and Tailwind.
